

Make your own clock

Teacher Prep Materials

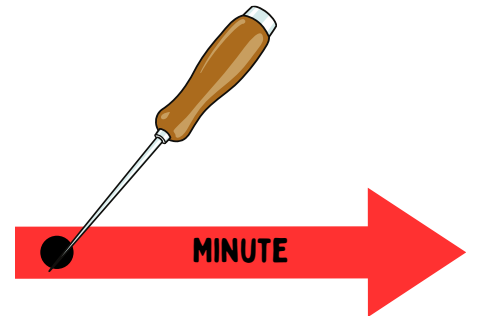

Clock illustration

- Print on construction paper for durability.
- Make small holes with an awl at the three black dots (center, hour hand, minute hand).
- This prep helps the class go smoothly.

Paper brad (1 per student)

Available at hardware stores or on Amazon.
Often not found at 100-yen shops.

Reference prices: Askul (70 pcs / ¥1150), DCM (100 pcs / ¥1638)

Things each student needs

- ① Scissors ② Colored pencils

How to make a clock

- ① Cut out the hour hand and minute hand.
- ② Stack the hands on top of the clock and insert a paper brad through the holes.
- ③ If finished early, students can color or draw on their clock.
