## Pair Activity Instructions:

1. Students in the left column have the answers for questions 1, 3, and 5.
2. Students in the right column have the answers for questions 2, 4, and 6.
3. Each student will teach their answers to their partner.
4. After confirming that the spelling is correct, they will discuss which animal the words represent.
5. Write the correct numbers in the speech bubbles.

Hint: Footprints are a big clue 🐾😊.
