About half of the words are changed from the left worksheet.

How to Play

- 1 Pair up with a partner.
- 2 The time limit is announced. (30 seconds – 1 minute)
- 3 When the teacher says 'Start!', read the words from left to right.
Your partner checks if you are reading the words correctly.
- 4 Record the number of words read correctly.
- 5 Take turns.

Other Ways to Play

- ✓ Compete in pairs to see who can read faster.
However, it's difficult to verify if every word is read correctly.
- ✓ Time how long it takes to read all 10 words in one column. Then move on to the next column (e.g., 'e' column, 'i' column, etc.).
- ✓ Play "Teacher vs. Class" or "Confident Student vs. Class" as a competitive challenge.
